Subject: Great service!

Was the most exciting experience with ups GP Movers. I had the most exciting experience of my life with ups GP Movers. I contacted Golden Bay and Corrib also received the flat hassle-free evaluation best lifts GP Movers. Golden Bay did not bother to call me and even gave me more appreciation and condescending attitude and Corrib separate review. We were very pleased with the move - six hours flat and had zero damaged and they were very polite about the mess in which we had to remove and reinstall a washer and dryer in our new place. We Unit ruled the leaders decent amount and we will definitely use them - if you ever go again. Leading were enthusiastic, friendly and considerate - do not bully or dubious as some of the other leaders met in seven years. Highly recommended.
